

Adopt-a-NEED

Although all levels of support are important to the success of Camp Loughridge, a fun way to give may be through adoption. Bless a Camper or Counselor by covering their expenses for a week. The Camp facilities, areas and programs are in need of constant care and repair. Your adoption will help preserve and restore the beauty, and enhance the experience for all who enter our gates. This is a place where the Holy Spirit roams freely.

Invest for the next
100 years.

Volunteer: Time and Talents

Want to volunteer at Camp Loughridge? We have many opportunities for a person or group of people to help maintain the natural beauty of Camp. Your talents would be a blessing to Camp Loughridge. Specialized volunteers such as electricians, plumbers, painters, chimney sweeps and window cleaners would be a tremendous gift. Our Web site has a current list of volunteer opportunities.

Planned Giving Special Gifts

Planning for your short- and long-term financial needs will give you peace of mind. If through thoughtful estate planning, deferred giving, and other forms of planned giving, you choose to invest in Camp Loughridge, your legacy will nurture and inspire kids for years to come.

Property, life insurance proceeds, stocks and/or bonds, and specific bequests through wills, estates and trusts are also welcome. To ensure these gifts are properly designated and can be accepted and used to follow your intentions, contact the executive director to discuss your proposed gift and preferences.

We Measure Results

Nearly 4,000 students are evaluated through Harvard University's PEAR[®] Assessment Tool. We LOVE data.

Scholarships for Camp

We believe that every child deserves an opportunity to go to Camp. In addition to our Summer Day Camp Scholarships, we offer these special scholarships throughout the year for nearly 5,000 campers and students. Camp reveals discovery and wonder for our hidden figures.

Autism Inclusion and Special Needs

We are committed to families dealing with autism and special needs, and to ensuring that our programs are affordable and feasible regardless of economic situations. Through reduced fees and need-based scholarships, Camp Loughridge makes it possible for children and families with limited income to participate in our programs.

STEM and STEAM Camps

When youth have the opportunity to learn about science, technology, engineering and mathematics they often tap into new interests and increase their creative thinking and reasoning through the experience. Arts and crafts nurture the creative needs to power future STEM innovations to address real-world challenges. It is our goal to bring this experience to as many area children as possible. As such, not every child with the academic interest to participate comes from a family that can easily afford camp. This is an extension of our school-year Outdoor Classroom Program.

In-Kind and Cash Donations

Do you have gently used items that are too good to recycle, but no longer serve you? Our WISHLIST is full of small things that make a huge difference. Invest in the future of Camp through in-kind or financial donations. They will be put to work immediately to offset the costs of Camp operations. The Camp WISHLIST is available on our Web site.

Visit www.CLcamps.org and click on Donations.
